

**What is the application and interview procedure?**

The application procedure is as follows:

Complete the application form and task and email it back.

You will be sent a short test to complete and return to us and you will be asked to let us know a convenient time for an interview. If you are in Tbilisi, we can do the interview face to face at our Tbilisi office. If you are not in Tbilisi, we can do the interview over Skype. You will receive an email shortly after you have returned the test and undertaken the interview to let you know if you have been accepted.

You will then receive an acceptance letter with details of how to pay.

Pay a deposit of \$300 to secure your place. You can pay in cash or by bank transfer.

Shortly after securing a place, we will send you some pre-course reading to prepare you for the training.

You need to pay the balance of the course fees four weeks before the course begins.

One week before the course begins, you will receive all the details for starting the course.

**What does the interview consist of?**

This usually lasts about 15 minutes and we give you some more information about the course. You can ask any questions too! The interview gives us a good idea of your skills, qualities and overall English level and most importantly whether the four week of training will be enough to bring you up to pass standard and allow us to award you the CELTA Certificate.

**What are the deadlines for registration for the course?**

The real deadline is when the course is full. We recommend you secure your place as soon as you have been interviewed.
